US 41 Project lane closures for July 22 – July 26

Traffic restrictions in Brown and Winnebago counties

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing US 41 Project lane restrictions for July 22 – July 26 in Brown and Winnebago counties. Drivers should be aware of 11-foot wide lanes and reduced speed limits in both counties and remember to use caution while traveling through any work zone. Details of all closures are included below.

Winnebago County

US 41

Drivers will encounter various lane closures on northbound and southbound US 41 between County GG and Breezewood Lane on Monday, July 22 from 7 p.m. to 5 a.m.

County Road G Bridge Demolition

There will be a full closure of northbound US 41 between WIS 76 and Breezewood Lane and a full closure of southbound US 41 between County II and WIS 76 on Tuesday, July 23, Wednesday, July 24 and Thursday July 25 from 9 p.m. to 5 a.m. for County Road G bridge demolition. Traffic will be detoured as follows:

- Northbound US 41 traffic will be detoured off at WIS 76, take WIS 76 north to County II and follow County II to northbound US 41
- Southbound US 41 traffic will be detoured off at County II, take County II west to WIS 76 and follow WIS 76 south to US 41

In addition, drivers can anticipate several ramp closures

- **Tuesday, Wednesday, Thursday:** The northbound US 41 on-ramp from WIS 76 and the southbound US 41 on-ramps from County II, County JJ and Breezewood Lane will all be closed from 9 p.m. to 5 a.m. in conjunction with the US 41 northbound full closure for demolition.

Brown County

US 41

Drivers should anticipate various overnight single lane closures on southbound and northbound US 41 along the entire Brown County corridor from south of Scheuring Road to Lineville Road. Lane closures can vary along the corridor, so drivers are urged to pay attention to road signs, slow down and use caution when entering any work zone. The US 41 Project plans to have at least one lane of traffic open at all times on both northbound and southbound US 41 during construction. This does not include shutdowns by local authorities for accidents or unusual incidents (such as weather).

US 41 at Scheuring Road:

***NOTE – Change in closure days from previous road report**

Northbound US 41 at the Scheuring Road bridge will be closed Thursday, July 25, 8 p.m. to 5 a.m. and Friday, July 26, from 10 p.m. to 5 a.m. Northbound US 41 traffic will be routed onto the northbound off-ramp to Scheuring Road, continuing onto the on-ramp to US 41. Also, Scheuring Road across the bridge will also be closed from 8 p.m. to 5:30 a.m. July 25 and 26.

In addition, drivers can expect various ramp closures in Brown County:

Tuesday, July 22

- Northbound US 41 on-ramp from Lineville Road from 9 p.m. to 5 a.m.

Wednesday, July 24

- Northbound US 41 on-ramp from Lineville Road from 9 p.m. to 5 a.m.

The westbound County G lanes under US 41 are closed on Monday, July 22, through Wednesday, July 24 from 9 p.m. to 6 a.m. for bridge repair work.

WIS 29 Tub girders

Over the next few weeks, steel tub girders will be lifted and set to construct the WIS 29/US 41 interchange flyover ramps. Drivers can expect various full overnight closures of US 41, WIS 29 and/or nearby ramps during these lifts. WisDOT will send a separate road closure alert and suggested detour to media, www.US41Wisconsin.gov, and social media a day prior to the expected girder lift. Tub girder lifts are weather dependent and subject to change. If you have any questions

regarding the steel tub girder lifts, please contact US 41 Communication Manager Mark Kantola at 920-492-4153 or email at mark.kantola@dot.wi.gov.

Leo Frigo Bridge

Construction has finished on the Leo Frigo Bridge and all traffic restrictions, lane closures and ramp closures are now over on the bridge portion of the construction.

All lane restrictions and work operations are weather dependent and subject to change.
